

AUDITED URL

<https://bombas.com>

PRIORITY ACTION ITEMS

- 1 Title Tag** Score: 60

Title is too long (86 chars). Keep it under 60 characters.

Your page title appears in search results and browser tabs. It should be 50–60 characters and include your primary keyword.
- 2 Heading Structure (H1)** Score: 0

Add one H1 tag. Every page should have exactly one H1 heading.

One H1 per page helps search engines understand your page's main topic. Multiple H1s dilute your SEO signal.
- 3 Structured Data** Score: 0

Add structured data (JSON-LD) to help search engines understand your content and enable rich results.

Schema markup (JSON-LD) enables rich results in Google — stars, FAQs, breadcrumbs — increasing click-through rates.
- 4 Image Alt Tags** Score: 15

126 of 148 images are missing alt text. Add descriptive alt attributes.

Alt text describes images to search engines and improves accessibility. It also ranks in image search.
